VINYL Floor Coverings Are on the March

led by **SANDRAN**

... the floor covering developed especially
for this miracle plastic!

There's been a revolution in floor coverings during the past few years! Yes, a revolution—brought about by the introduction of *vinyl plastic*! Clear and colorless, yet almost unbelievably tough and durable, vinyl plastic brings new freedom to American homes. Freedom from scrubbing drudgery—from damage caused by harsh soaps and acids. Freedom from dingy, unsightly floors that wear out too soon. Freedom to use bright, clear colors without fear that they will soil easily or need extra care.

A Booming Industry

Vinyl floor coverings have been on the market only a few years, yet their growth in popularity has been sensational! Already there are more makers of vinyl floorings than of linoleum and enamel surface combined. No wonder, when miracle vinyl plastic can make almost any type of floor covering far better.

Sandran Unlike Any Other!

But there is one type of vinyl floor covering unlike any other—SANDRAN! Others merely introduce varying amounts of vinyl resin to otherwise conventional manufacturing processes. SANDRAN takes *full* advantage of vinyl's marvelous properties. SANDRAN is the *only* type of floor covering devel-

oped especially for the use of this miracle plastic and the photogravure decorating process.

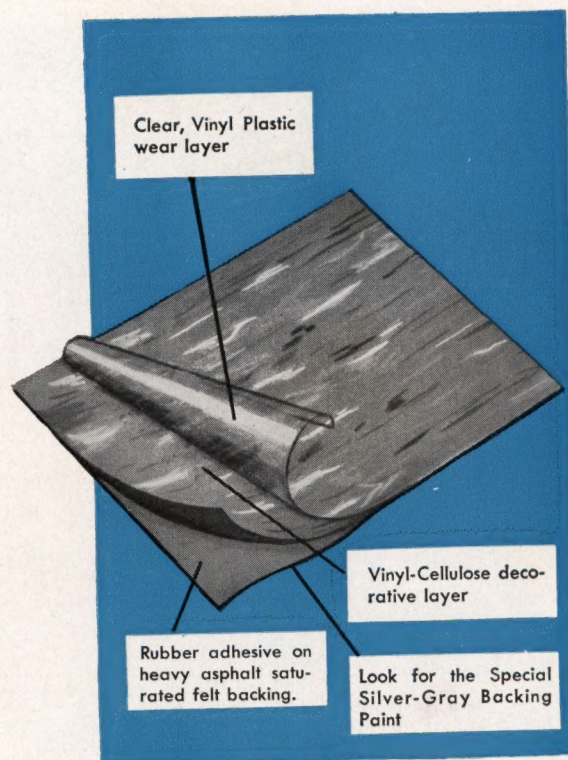

Sandran Is Born

Some years ago the Sandura Company became convinced that vinyl was the floor covering material of the future. They invested months of time and millions of dollars into the design and construction of a unique and modern plant for the production of a revolutionary new floor covering. The result is SANDRAN, made by a process that had never before been applied to the manufacture of floor covering—a process that utilized for the first time the full advantages of vinyl plastic!

Pure Vinyl Plastic Wear Layer

An unlimited variety of designs can be reproduced with complete fidelity by SANDRAN's exclusive photogravure process. It reproduces designs with all the crisp sharpness of a full-color photograph. The patterns are *underlaid* beneath a clear, tough layer of *pure* vinyl plastic. Only this SANDRAN process provides a gleaming armor of unadulterated vinyl plastic to protect the pattern beneath from wear and tear—as only vinyl can!

A glance at the chart on this page will show why vinyl plastic SANDRAN is America's best floor covering buy.

SUPER-SANDRAN

Vinyl Plastic **TILE**

- *Exclusive Mother O' Pearl Design!*

Not available in other floor tile at any price.

- *Extra Heavy Pure Vinyl Surface!*

Rich, glowing colors are protected for even longer wear by extra thickness of pure vinyl plastic. Wears more than twice as long as regular Sandran.

- *Alkali, Grease, Soil Proof!*

Even lye can't penetrate or mar its smooth non-porous surface of pure vinyl plastic.

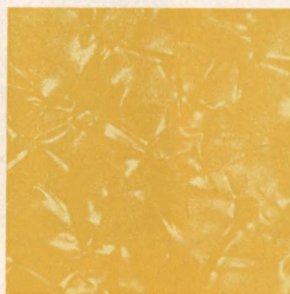

- *Never Needs Scrubbing!*

Just a whisk of a damp mop and it's clean. Dirt and grime can't cling to its smooth surface.

Super-Sandran Tile in 6 EXCLUSIVE MOTHER O' PEARL COLORS

Banish Scrubbing — Buy SANDRAN

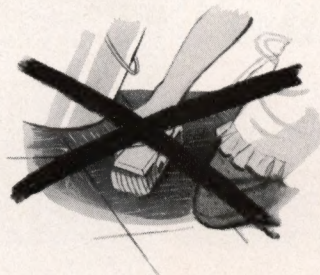

SANDRAN NEVER NEEDS SCRUBBING! No more back-breaking, hands-and-knees work again! Clean your floor as fast as you can whisk a damp mop over it! Sandran shrugs off dirt, gleams like glass—yet it's never slippery! *An occasional waxing* with a good grade of liquid or paste wax will help preserve the original lustre.

Sandran can be laid loose or cemented if you prefer. No costly installation extras. Dollar for dollar, budget-priced Sandran is your best floor covering buy.

**Grease Can't Hurt It!
Won't Chip, Crack!**

Won't stain! Patterns are clearer, colors richer! Easier to install—no cementing or lining! Cuts clean without snapping!

**Never Needs
Scrubbing!**

Sw-o-o-osh with a damp mop—it gleams! Smooth, skid-proof pure vinyl plastic has no dirt "pockets"—sheds grime like water!

**Outwears Enamel Surface
3 to 5 Times!**

Sandran is waterproof, soap proof, alkali proof, grease proof! Dazzling colors never dull or fade—they're UNDERLAID beneath pure clear vinyl!

LABORATORY "TORTURE TESTS" PROVE

SANDRAN'S EASIER CARE, LONGER WEAR!

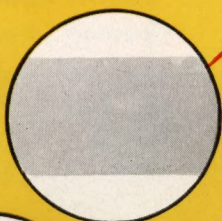

**BACKED BY
NEARLY 30 YEARS
OF MANUFACTURING
EXPERIENCE AND
THIS GUARANTEE!**

If at any time our Floor Coverings fail to give satisfactory service because of defects in workmanship or materials, the Company will furnish free of charge, sufficient Floor Covering for replacement.

Sandura Company, Inc.

**GLASS SMOOTH
SANDRAN
EASIEST TO CLEAN**

SANDRAN

Inlaid Linoleum

Photomicrograph shows glass-smooth surface of Sandran's pure vinyl wear layer. No pores or tiny pockets to trap dirt or grime—that's why Sandran *never needs scrubbing!* Compare with porous, dirt-absorbing surface of ordinary linoleum.

**SANDRAN
OUTWEARS ENAMEL
SURFACE 3 to 5 TIMES**

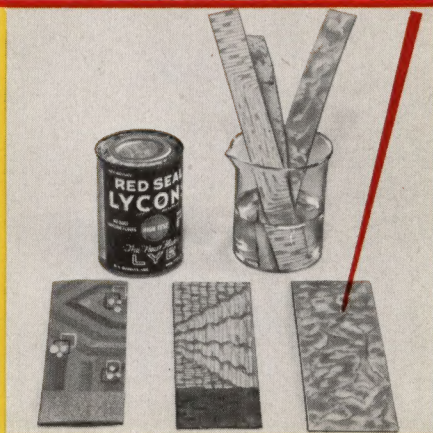

Enamel Surface

SANDRAN

Photo shows enamel surface floor-covering after 117 revolutions of Taber Abraser Wear-Test Machine (used by U. S. Government). Note how surface is completely worn through. Photo of Sandran was taken after 250 revolutions of Taber Abraser. Wear is scarcely noticeable, pattern is unchanged.

**ONLY SANDRAN
UNAFFECTED
BY ALKALI!**

Inlaid Enamel Surface SANDRAN

Alkali, basic ingredient of all soaps and detergents, severely damages enamel surface and inlaid linoleum! Photos of both were taken after $\frac{1}{2}$ hour in 5% lye solution. Neither is suitable for further use. Sandran was photographed after 3 weeks in 5% lye solution—it's *completely untouched!*

**GREASE
CAN'T HARM
SANDRAN!**

SANDRAN

Laboratory photos show Sandran after exposure to grease! Sandran's tough pure vinyl plastic isn't even ruffled! Swish away grease and Sandran's like new!

SANDRAN *Vinyl Plastic* **COUNTER TOPPING**

NEVER NEEDS SCRUBBING!

Grease and dirt whisk right off its smooth plastic surface.

- **SOAP AND ALKALI PROOF!** Sandran's *pure* vinyl plastic surface defies damage from strong soaps, detergents—even lye or drain cleaner cannot penetrate or mark its gleaming surface!
- **WATERPROOF! GREASEPROOF!** Water does not soak into Sandran's protective vinyl coating. Grease, fats or oils cannot stain or harm it. Completely resists acids such as fruit juices.
- **BRIGHT, CLEAR COLORS CAN NEVER STAIN OR FADE!** With Sandran it is possible to have the clearest, most delicate colors on sink and counter tops. All the wear and tear is on the clear vinyl plastic surface, never touches the *underlaid* pattern.
- **FLEXIBLE . . . FORMS ONE-PIECE COVE!** Vinyl plastic Sandran is so tough and flexible it can be folded double without cracking surface! Ideal for coved corners, saves metal, makes sanitary, dust-free cove.

SANDRAN *Vinyl Plastic*

Whisks clean with damp cloth!

Easy to Install!

Easy to Handle!

Spattered grease, finger marks, smudges and grime swo-o-osh off Sandran Wall Covering with a damp cloth! It's waterproof, grease-proof! Scorns strong soaps and detergents—even lye can't ruffle its gleaming surface!

What's more, unlike wall paper, Sandran won't fade, age or discolor! Only Sandran gives you this amazing staying-power! That's because Sandran is the only felt-backed wall covering protected by a wearproof, non-porous surface of pure vinyl plastic!

Best of all, it's easy to install! It's supple, easy to handle. And once it's up (with ordinary linoleum paste)—it's there to stay!

54" rolls in 6 lustrous colors!

.... brilliant new patterns

.... rugged PLEXOLIN[®] finish

.... complete size range in rugs and yard goods

There's nothing else in enamel surface quite like heavyweight SANDURA. Because only SANDURA is made with Plexolin[®] and heat-treated for longer wear, easier care.

Plexolin makes the difference. See it in SANDURA'S brighter, gleaming surface—its clear, brilliant colors. Dirt comes off in a jiffy with ordinary soap and water care. The foot traffic in busy homes doesn't faze its tough, wear-resistant finish.

SANDURA leads in patterns, too! See the eye-compelling new designs—the style-right colorings. SANDURA'S style leadership is no accident. It was planned that way—by style and color experts who sense important home fashion trends and come up with SANDURA patterns that lead the field.

SANDURA'S styling, beauty, ease of cleaning, durability and economy make it a leader in enamel surface rugs and yard goods. Both are now made twelve feet wide in certain patterns.

SANDURA is as easy to install as it is to keep clean. Just roll it on the floor—it lies flat without fastening.

There's a Big Demand for Children's Rugs.. Exclusive **SANDURA**

Heavyweight Sandura Rugs—made with Plexolin® stand up under the scuffing and pounding of busy little feet. Easy to clean, too—dirt wipes right off the gleaming baked enamel surface.

Sandura—and only Sandura—has the genuine Hopalong Cassidy Rug that kids in the cap-pistol set insist on. And for their smaller brothers and sisters, there's the exclusive Mother Goose Rug—in pink for her and blue for him.

Heavyweight Yard Goods

with the new

PLEXOLIN[®] FINISH

New Sandura Yard Goods are outstanding in beauty, durability and ease of cleaning. They provide an utterly *new* concept of value in enamel surface floor covering.

New Sandura Yard Goods are made with the same precise skill and painstaking care as Sandura Rugs. The new Plexolin wear surface and the sparkling new beauty of Sandura Yard Goods makes them the quality leaders in their field.

This table gives an approximate estimate of the number of square yards of floor covering required for the various sized rooms indicated with due allowance for waste. The room dimensions are given in feet but the amount of material required is given in square yards.

The SANDURA Guarantee of Satisfaction

If at any time our Floor Coverings fail to give satisfactory service because of defects in workmanship or materials, the Company will furnish free of charge, sufficient Floor Covering for replacement.
